

Hydrogen and Fuel Cell Technical Advisory Committee (HTAC)
May 16-17, 2007

HTAC Members Present

- Larry Bawden – Jadoo Power Systems
- John Bresland – U.S. Chemical Safety Board
- Mark Chernoby – DaimlerChrysler Corp.
- Mildred Dresselhaus – MIT
- David Friedman – Union of Concerned Scientists
- John Hofmeister – Shell Oil Company
- Art Katsaros – Air Products and Chemicals, Inc.
- Dan Keuter – Entergy Nuclear, Inc.
- Alan Lloyd – International Council on Clean Transportation
- Mike Mudd – FutureGen Alliance, Inc.
- Rand Napoli – Florida State Fire Marshal (retired)
- Mike Ramage – ExxonMobil Research & Engineering (retired)
- Geri Richmond – University of Oregon
- Bob Shaw – Areté Corporation
- Kathy Taylor – General Motors (retired)
- Jan van Dokkum – UTC Power
- Greg Vesey – Chevron Global Power Generation
- John Wooten – Peabody Energy (retired)

HTAC Members Not Present

- Uma Chowdhry – DuPont Central Research & Development
- Byron McCormick – General Motors
- Ian Purtle – Cargill, Inc.
- James Reinsch – Bechtel Power
- Roger Saillant – Plug Power
- J. Craig Venter – J. Craig Venter Institute
- Robert Walker – Wexler & Walker Public Policy Associates

HTAC Staff

- April Aytona – Energetics Incorporated
- Helena Chum – National Renewable Energy Laboratory
- Mary Harrell – Alliance Technical Services, Inc.
- Melissa Lott – Alliance Technical Services, Inc.
- Shawna McQueen – Energetics Incorporated
- Walter Zallis – Energetics Incorporated

U.S. Department of Energy Staff

Office of Energy Efficiency and Renewable Energy

- Arlene Anderson
- Steven Chalk
- Christy Cooper
- Patrick Davis
- Kathi Epping
- Sigmund Gronich

- JoAnn Milliken
 - Antonio Ruiz
- Office of Fossil Energy
- Lowell Miller
- Office of Nuclear Energy
- Carl Sink
- Office of Science
- John Vetrano

U.S. Department of Transportation Staff

- William Chernicoff
- Neil Eisner

U.S. Government Accountability Office

- Tom Kingham
- Robert Sanchez

Members of the Public in Attendance

- Judith Bayer – UTC Power
- Anthony Boccanfuso – University of South Carolina
- Ed Bonapfel – Nelson Mullins
- Andrea Chew – Sentech Inc.
- Sergi Colominas – Pennsylvania State University
- Kristin Deasch – Sentech Inc.
- Bud DeFlavis – U.S. Fuel Cell Council
- Nyla Dookeran – DuPont Fuel Cells (registered but not checked off)
- Bingchen Du – Georgetown University
- Catherine Dunwoody – California Fuel Cell Partnership
- Rob Friedland – Proton Energy Systems
- Dale Gardner – National Renewable Energy Laboratory
- Jonathan Gibbs – Massachusetts Institute of Technology
- Sriram Gopalan – Howard University
- Leo Grassilli – U.S. Navy
- David Haberman – IF, LLC
- F. Jerome Hinkle – National Hydrogen Assoc.
- Radha Jalan – ElectroChem Inc.
- Edward Kiczec – Air Products & Chemicals, Inc.
- Jason McLafferty – Pennsylvania State University
- Ana Meuwissen – University of South Carolina (registered but not checked off)
- Jill M. Michau – Sandia National Laboratories
- Chris Moen – Sandia National Laboratories
- Eric Mollen – NRG
- Mohsen Mosleh – Howard University
- Jonathan Munetz – Sentech Inc.
- James Nollinger – Pennsylvania State University
- Jim Ohi – National Renewable Energy Laboratory
- Catherine Padro – Los Alamos National Laboratory
- Chandrakant B. Panchal – Argonne National Laboratory

- Sharma Ravi – Integrated
- Jesse Schneider – DaimlerChrysler
- Christine Sloane – General Motors
- Neil Snyder – National Renewable Energy Laboratory
- Joe Stanford – Sentech
- Amy Stephan – Teleworx
- Kenneth C. Stewart – UTC Power
- Ken Stroh – Los Alamos National Laboratory
- Steven C. Weiner – Pacific Northwest National Laboratory
- Kristin Whitman – Shell
